something new

LIFESTYLE

The beginning of September is always exciting as it marks a new school year, a new season, and a renewed sense of energy. A terrific way to channel that energy is in trying something new. While that can be scary and challenging, it can also be exciting! Here are three easy ways to renew and reinvigorate your crafting:

1. Use the new Sizzix® Big Shot™ for Stampin' Up!® to create an embellishment out of a unique texture, like suede or aluminum.

2. Try out one of the stamping techniques featured at the end of each section in the *Fall-Winter 2008 Idea Book & Catalog* (visit my web site for an electronic version of the catalog or to request your own copy).
3. Create coordinating home décor using the brand-new Pocket Silhouettes stamp set (currently on special!) and Décor Elements™ Long Stem Silhouettes.
